

The Kids Like You Series addresses common issues all Middle Grade students face, set in the context of historical events.

You can reach your dreams! This is the core message for all of Claudia's presentations. As a Michigan 5th grader, she had the dream of becoming an author and reached her goal after years of perseverance and hard work.

Claudia's presentations are as dynamic as her fiction, and she brings her stories to life in a captivating talk about her journey and the stories behind her books.

Claudia has visited over 8000 students and as a former educator provides a unique motivational and inspirational experience for students. Her book *Between the Lines* has received an Honorable Mention in the Writers' Digest Middle Grade Category and a Silver Medal in the prestigious 2016 National IPPY Awards, as well as being a Mom's Choice Award Recipient.
